## Why Liventus Is a Smart Choice for Your Leasing Business

### Security

We incorporate security into every phase of the leasing automation solution to assure safe operation. We weave security into the software development lifecycle, where we pass our code through static and dynamic code analysis to have the highest standards met.

### Competitive

With offices in the US and overseas, we are able to lower your costs by leveraging the global marketplace. We don't outsource, rather since 2013 we have invested heavily in global services so we can provide the same services at lower costs.

### Partnership

We run an extra mile to become our clients' long-term, trusted partner. Our main concern is becoming a true technology partner, keen to meeting client needs today and supporting clients' growing business needs tomorrow.
